WANT RESIDENT RED CROSS NURSE

APPLICANTS FOR HEALTH WORK NOTIFY COUNTY CHAIRMAN.

WILL AID HEADQUARTERS

Only Graduate Nurses Employed—Counties Asked to Aid Headquarters by Securing Home Nurses.

In compliance with the request made by the division headquarters, the Nodaway County Red Cross chapter will make an effort to secure a graduate nurse now living in Nodaway county to take the work of public health nurse for the county. There is a great shortage of graduate nurses throughout the whole country. This is especially felt in the Southwestern division and it is impossible for the division office to supply public health nurses without help from the chapter in securing such nurses.

There are a number of graduate nurses living in Nodaway county and if one could be secured here who wishes to become health nurse in the chapter jurisdiction, the local chapter, by arrangement with the division office, will pay for her additional four months' training in public health work, which would be needed before community work could be undertaken.

Any graduate nurse desiring to take up the work is asked to see or write to the county chairman, Dr. W. M. Wallis, Jr., at Maryville to make application. The Nodaway chapter is anxious to get this work started in the community as soon as possible.

County chapters have been asked by division headquarters to not only supply their own public health nurse from those resident in the county but to aid them in supplying other counties where the resident number of nurses is less than in their own county.

The nursing activities of the chapter may also be extended to schools, clubs, industries, churches and to train the women of the community in home nursing. The Nodaway chapter has been making persistent effort for the past six months to start the work here but has been prevented on account of the shortage of nurses.

Twenty Initiated Last Night. Eighty Men Now Members of First Christian Fraternal Organization.

Applications from thirty-five new members were received last night at the meeting of the Ancient Order of Sihks, the fraternal order recently formed among the men of the First Christian church. Twenty of these applicants were initiated in the order last night. Lack of time held the reception of the other candidates over until a later time.

This brings the membersiip of the organization up to eighty men at present. A lunch and social time followed the business meeting last night. The order is in no way denominational and men from any church organization may become members.

AGRI. COURSE FOR THE HIGH SCHOOL

BOARD CONCURS IN EFFORTS TO GET SMITH-HUGHES INSTRUCTORS

WILL APPLY FOR FUNDS

Superintendent Instructed to Make Application for Federal and State Apportionment.

At a meeting of the city school board held last night, instructions were given Superintendent J. M. McDonald to make application through the state board of vocational education for federal and state aid in securing an instructor of agriculture and another domestic science teacher for the Smith-Hughes course in the city high school.

The Smith-Hughes act pays through federal and state funds the salary of an agricultural teacher and half the salaries of two domestic science teachers, to schools establishing these courses of instruction. The high school expects to establish this course at the opening of the fall term if adequate quarters can be provided and sufficient class room arranged as the present building plans call for. Application for the funds will be made at once by Superintendent McDonald in order to secure the apportionment before the funds should be fully distributed for the year and the Maryville school be unable to obtain instructors. One Smith-Hughes domestic science teacher, Miss Carpenter, was employed last year as instructor for the two-year course. With two instructors a full four-year course is given.

On account of not having a full attendance of the board members the matter of hiring teachers for the next year was held over until an adjourned meeting to be held Wednesday night.

The allowing of bills and other routine work was disposed of last night.

OPENING RECRUITING OFFICE HERE.

War Secretary Baker, in his annual report, does not indicate the size of the new American army. He suggests that it be adequate enough to meet any emergency, and made up of quality rather than numbers.

"Military authorities have differed in their consideration of the Army's strength. Some have wished a force of half million trained men. General Pershing believes this number is too great and not all necessary. He has based his objections upon a thorough study of present needs, coupled with a vision of the future requirements.

"But whatever the numerical size of the new army one thing is certain it is to be made up of young men, educated and trained, mentally and physically, under the best possible influences.

"The World War has furnished adequate proof that men's minds win more battles and bring swifter decisions than men's bodies. And so Mr. Baker clearly is within the confines of good reasons when he urges that the American army for the future, until the cause no longer exists for armed forces, be sufficient in size and properly balanced to contend in any cause in which the nation may become involved.

"Any young man in Maryville who is interested in the wonderful educational opportunities will be given full infomation upon application to Lt. W. H. Roberts or one of the Sergeants of the 4th Infantry recruiting party, which will be in the city for a few days longer at the New Linville Hotel.

The Fat Man's Samaritan.

Chicago.—The star of the fat man shines brightly now. As a result of an operation whereby Dr. Max Thorek, a Chicago surgeon, pared 100 pounds of surplus avoirdupois from the "bay window" of Paul Biese, who weighed 400 pounds before going to the operating table, many heavyweights are preparing to get scraped into sylphlike form. So many have applied for the operation, after years of fruitless dieting and unproductive massages, that Dr. Thorek has become known as "The Fat Man's Samaritan."

SPEAKS AT C. OF C. MEET LAST NIGHT

UTAH EDUCATOR MAKES INTERESTING TALK AT LUNCHEON.

VISIT RURAL SCHOOLS

Other Western School Men to Visit Maryville During This Week to Study Agricultural Methods.

Prof. P. G. Holden of Chicago and Prof. Orson Ryan of Price, Utah, were visitors at the weekly luncheon of the Chamber of Commerce held last night at the Bainum hotel. Both men visited Maryville for the purpose of inspecting the methods used in teaching vitalized agriculture in the rural schools.

Talks were made by Mr. Holden and Mr. Ryan and by President Ira Richardson of the State Teachers College, and the discussion developed into a round table talk of educational problems. Mr. Ryan has been at Cleveland, Ohio, attending the national convention of school superintendents, and stopped at Maryville to visit the rural schools, which he did yesterday in company with Mr. Holden, President Richardson and County Superintendent Bert Cooper.

Mr. Ryan in his talk told of the benefits derived from this visit and of the work done by Mr. Cooper, who spent two weeks in Utah during January, making the visit at the invitation of the Utah board of education, to explain the system of vitalized agriculture as taught in the Nodaway schools. Mr. Ryan is superintendent of the schools of Carmon county, and he told of many of the rules governing the schools of his state and explained the law providing that all adults between the ages of 12 and 18 must register each year with the superintendent of schools of the county and must attend schodl unless released by the superintendent.

Mr. Holden in his talk spoke of the need of placing an agricultural instruction course in all public schools and of the plan to be used in the special short course in all public schools and of the plan to be used in the special short course for teachers at the State Teachers College this year.

Mr. Ryan left this morning for Price. Mr. Holden will remain until tomorrow and spent today visiting the rural schools in company with Mr. Cooper. Four other Utah educators are expected to visit Maryville this week to study the vitalized agriculture methods with the idea of introducing a similar course of study in their schools.

Prof. Holden, chief of the extension bureau of the International Harvester Company, will begin a rotation vitalized agriculture course for teachers in Utah on March 12.

ATTORNEY GENERAL PALMER IS A CANDIDATE FOR PRESIDENT

Formal Announcement Taken as Notice That President Wilson Won't Run.

Washington, March 2.—The presidential campaign from the Democratic standpoint was opened last night, in the opinion of political leaders here, through acceptance by Attorney General Palmer of a place on the Georgia state primary ballots.

Republican campaign has been on for several weeks, but the formal announcement by Mr. Palmer, in a telegram to the secretary of the Georgia Democratic state committee, that he would be a candidate was the first to be made by any of those who have been mentioned as possible choices of the San Francisco convention.

Democratic aspirants for the nomination have held back formal announcements awaiting a declaration by President Wilson as to his plans. Although nothing has come from the White House, the open candidacy of the attorney general, who is particularly close to Mr. Wilson, was accepted in some quarters as difinitely indicating that the President would not enter a third campaign.

With Mr. Palmer's hat in the ring, politicians look for fomal announcements to come quickly from those who have been holding their candidacies in the background. Governor Cox of Ohio and James W. Gerard, former ambassador to Germany, while permitting their names to be placed on primarily ballot, have not as yet made formal announcements.

ADRIATIC COMPROMISE POSTPONED UNTIL APRIL.

New York, March 2.—Julius Von Tilzer, music publisher and brother of Harry Von Tilzer, a song writer, is suffering today from stab wounds in his back inflicted, while asleep, by his wife, Estelle Von Tilzer, who is in jail charged with attacking him.

Treaty Situation Deadlocked.

Washington, March 2.—With the situation still "deadlocked," the senate by common consent settled down today to get the treaty out of the way somehow.

Hugh Hunter and F. H. Metzler motored to St. Joseph yesterday to attend the automobile show.
